I. YEAR OF MARRIAGE - 2015

- Establish a timeline with specific implementation outcomes beginning for initiating basic marriage care and mentoring that will eventually be available throughout the community.
- Clergy and other marriage & family stakeholders initiate A Prayer for Marriage & Family Restoration in Metro Detroit with regularly scheduled prayer gatherings in the congregation and throughout the interfaith community.
- Gather clergy of all faiths to sign Community Restoration Agreements as public events by region and community to implement marriage mentor ministry at their houses of worship that will *prepare* the engaged, *enrich* the married, *restore* spouses in crisis, *reconcile* separated couples, and support step-family couples (*married and unmarried*).
- Form a team to recruit colleges and universities to research and track this effort
- Prepare an annual monograph on progress
- Plan and prepare for the next year's theme while continuing to grow the theme for this year
- Share this vision with other Great Lakes communities such as Chicago, Evanston, Cleveland, Toledo, Milwaukee, Buffalo, Erie, Toronto, Hamilton, Windsor, Duluth, Green Bay, Rochester, Niagara Falls, etc. to inspire a Great Lakes Miracle for marriage & family and the Divine Plan.

II. YEAR OF THE SPOUSES - 2016

- CRA teams offer specific education and mentoring for young couples, married and unmarried, to help them understand the importance of love & respect and the complementary nature of spousal relationship, the role of spouse, how gender affects that role, need for division of labor within the relationship inside & outside the household, and of key behaviors that assure vitality for the relationship.
 - For *unmarried parent couples*, implement mentoring to prepare each couple to marry and create a married household for their family
 - For *single parents*, offer education and mentoring which helps them grow as individuals who may one day enter a marriage

- For *singles*, offer basic interpersonal relationship and communication skills regarding healthy boundaries, friendship, employment, family life, opposite sex relationships, age, cultural differences, and behaviors that safeguard good relationships.
- Plan and prepare for the next year's theme while continuing to grow the themes for these two years
- Share this vision with other Great Lakes communities such as Chicago, Evanston, Cleveland, Toledo, Milwaukee, Buffalo, Erie, Toronto, Hamilton, Windsor, Duluth, Green Bay, Rochester, Niagara Falls, etc. to inspire a Great Lakes Miracle for marriage & family and the Divine Plan.

- Organize to seek specific legislation to strengthen and safeguard marriage, parental rights, family life, and the interests of houses of worship in family life:
 - By removing perverse social welfare and other incentives to cohabitate, eschew marriage, conceive out of wedlock, and divorce

- By restoring the contractual protections of marriage and regarding its covenantal character
 - Recognizing a constitutional and 1st Amendment foundation for religious marriages contracted within a faith community; for marriages contracted within a religious community, formal release from that institution should be a legal requirement when filing for divorce
 - By shifting economic and tax policy to facilitate the affordability and workability of family life across its natural life cycle from marriage, child birth and rearing, child development, disability and illness, education, and caring for elderly family members
